Newark, New Jersey

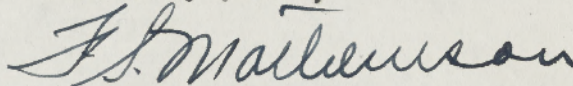

Dear Miss Moses:

This is in reply to your recent request for picnic facilities in the Union County Park System.

Because so many requests have been received from non-residents, the Park Commission has been forced to adopt the policy of reserving specific areas for Union County groups only. However, in each unit, the Commission has provided picnic facilities which are not subject to reservation. These last mentioned sites may be used by anyone on the first-come, first-served basis.

It is not the intention of the Commission to seem inhospitable in this matter, but you will appreciate the circumstances, I am sure.

Sincerely yours,

F. S. Mathewson,  
Superintendent of Recreation
